NO SMOKING, ALCOHOL AND DRUGS POLICY

No Smoking

Staff members, volunteers, parents and carers are not permitted to smoke on school premises. This includes the playground. No smoking signs are clearly displayed around the premises.

Staff members and volunteers are not permitted to smoke immediately outside the school or on outings.

No Alcohol or Illegal Substances

Alcohol or illegal substances are not permitted on the school premises.

Staff members found to be under the influence or in possession of alcohol or illegal substances whilst children are in our care will be instantly dismissed.

In the event that a parent / carer is believed to be under the influence of alcohol or illegal substances, staff members should approach them calmly and explain that they believe they are under the influence and suggest, for example, whether it would be a good idea to call another named contact on the collection form ("Billet de Sortie") to pick up the child:

- If the parent / carer understands our concern, the child's other named contact will be called to collect the child. If the emergency contact is unable to collect the child, the school will contact social care and the police department.
- If the parent/ carer refuses our offer and insists on collecting the child, we will call social care, the police department, and advise them that we are notifying those authorities, as we believe them to be under the influence of alcohol or illegal substances, thus putting a child at risk. We understand that we have no legal rights to prevent a child from being collected by their legal guardian; however we will endeavour to protect the child to our best ability.
